Nick,

Please email me and the SUL, PSC, and EUL email boxes included on this email distribution list each day once you have posted the smart report and related backup files to the NOAA ftp site. Thanks

For the report that Brad forwarded below, will Dallas grab from the NOAA ftp site as you want it or does there need to be some other sending it to Dallas daily until we have the data into scribe and GIS service. Brad thinks it will be a couple/few days before the Scribe/GIS service thing is up and running.

These reports are being posted to the NOAA FTP site in the following location

/Deepwater_Horizon_Ext/SMART_data/ then they name each folder by the date and time of the run.

Thanks,

Brad Morgan
